PROJECT H2GROW IS BACK!

Swimming Australia invites new athletes aged 10-16 years and continuing athletes up to 18 years to be involved. Project H2grOw looks at the relationship between growth and maturation and swim performance development. Project H2grOw will be operating during the NSW Junior Metropolitan Championships. The team will be situated on the Bridge at SOPAC. Please keep an eye out for the Project H2grOw banner.

From being involved, you will receive a Project H2grOw summary report identifying:

- **Your maturational status and stage;**
- **Your growth tracking history, for those who have participated in previous years and;**
- **For the first time, a H2grOw time score. This score uses a unique calculation to scale your swim performances based on your relative age and maturity status.**

Swimmers are requested to attend for height, weight and sitting height measurements on Saturday or Sunday between 8:30 am and 3:30 pm. Measurements take less than 5 minutes to complete and participation in the project is free. Parents are invited to attend with their children.

Those who do participate will be invited to an online information session - for swimmers and parents - after the swim event. The online session will explain the benefit of information presented in the summary report and how it can be used by coaches, parents, and athletes.

If you would like to know more, please go to the Project H2grOw website or send us an email at h2grow@swimming.org.au.
