Project H2grOw is back!

Project H2grOw looks at the relationship between growth and maturation and swim performance development. Swimming Australia invites new athletes (boys aged up to 15 years and girls up to 14 years) and continuing athletes of any age to be involved. Project H2grOw will be operating during the 2023 NSW Senior Metropolitan Championships. The team will be situated on the walk-bridge connecting both grandstands. Please keep an eye out for the Project H2grOw banner.

From being involved, you will receive a Project H2grOw summary report identifying:

- Your maturational status and stage;
- Your growth tracking history, for those who have participated in previous years and;
- Your H2grOw time score scaling your swim performances based on your relative age and maturity status.

Swimmers are requested to attend for height, weight and sitting height measurements on:

- Saturday 25th February between 8:00am and 3:00 pm; or
- Sunday 26th February between 8:00am and 3:00 pm

Measurements take less than 5 minutes to complete and participation in the project is free. Parents are welcome to attend with their children.

Those who do participate will be invited to an online information session - for swimmers and parents - after the swim event. The online session will explain the benefit of information presented in the summary report and how it can be used by coaches, parents, and athletes.

If you would like to know more, please go to the Project H2grOw website or send us an email at h2grow@swimming.org.au.
