NEW CLUB ADMISSION POLICY

Introduction:

Swimming New South Wales Ltd. recognises that groups of people may wish to form a new club from time to time. The Constitution provides that a club may, by resolution of the Board, be affiliated to Swimming New South Wales Ltd., provided that it meets the requirements as specified in Clause 6.4 and By Law 5. Members are entitled to a 50% membership fee discount upon their initial registration. Subsequent renewals will be charged at the full membership rate.

New Club Admission Criteria:

The following criteria needs consideration in amplification of the requirements of Clause 6.4 and By Law 5. These include, but are not limited to:

1. Any application for affiliation must include a rationale for the creation of the club which is acceptable to the Board.
2. It is relevant in creating the club that a significant number of members should be swimming members rather than non-swimming members
3. More favourable consideration may be given to the application if the proposed members of a new club are new members rather than transferring members.
4. It is preferable that a "one pool, one club" situation apply.
5. The Board however, recognises that circumstances and/or the closure or restriction of facilities has required many existing clubs to co-locate in other facilities. In these circumstances or where a new club applies for affiliation, each respective club should provide a copy of the facility owner's agreement for club/swimmer training and/ or competition use of the prescribed facility at the time of new or renewal application.
6. It is desirable that such agreements also include the relative rights and responsibilities of facility owner's and the clubs and it is in a club's interest to achieve this agreement.
7. The views of the relevant Area association may be sought by the Board to assist in considering the affiliation application.

Affiliation and Areas

Upon affiliation the Board will assign a club to an Area. The appropriate Area can be determined by reference to By Law 2

1. A club must affiliate to the allocated Area Association.
2. An Area must accept the membership of a club assigned to its Area.

A club may apply to transfer to another Area. Such application will be considered by the Board and must include pertinent reasons.

NEW CLUB DECLARATION

On behalf of _____ (swim club name) I acknowledge:

1. It is a requirement that my club is incorporated in order to be affiliated with Swimming NSW. If my club is not already incorporated, I will gain incorporation within 6 weeks of my club's affiliation being approved by the Swimming NSW Board of Directors.
2. I must register and complete payment for at least 20 members using the Swim Central online database within 6 weeks of my club's affiliation being approved by the Swimming NSW Board of Directors.
3. Swimming NSW-affiliated clubs are required to use the Swim Central online membership database, and require regular access to internet in order to complete club admin duties.
4. Membership payments are required to be completed online (via the Swim Central online database or associated sites) by credit card or debit-credit card. Other payment methods (such as cash, cheque or EFT) are not accepted.

In the event that my club's affiliation is approved by the Swimming NSW Board of Directors, failure to fulfil or abide by any of the terms above may result in Club's affiliation being revoked.
