

How to Purchase a Membership Using an Active Kids Voucher

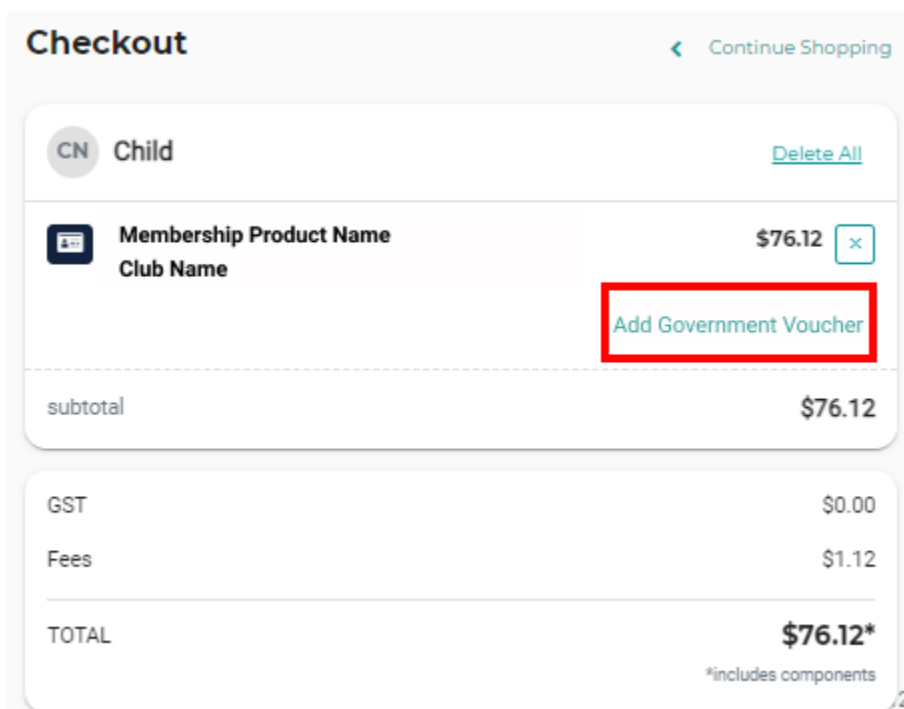

To Use a Voucher:

STEP 1.

Add memberships to the trolley. Please see these [step-by-step instructions](#) for help.

STEP 2.

At the Checkout - for each eligible membership you will have an option to apply the voucher to the purchase of that item

The screenshot shows a checkout interface. At the top, it says "Checkout" and "Continue Shopping". Below that, there's a section for "Child" with a "Delete All" link. The main item is a membership with a price of \$76.12. A red box highlights the "Add Government Voucher" button. Below the item, there's a subtotal of \$76.12, GST of \$0.00, Fees of \$1.12, and a total of \$76.12* (including components).

STEP 3.

From the government voucher provided by your state, enter the voucher details for the child registered to that voucher. **Please make sure that the child name attached to the membership and the child name on the voucher are the same. Once the voucher is redeemed, the voucher code is permanently associated to that child in the Swim Central system.**

If you make a mistake and associate the wrong voucher to the wrong child, please contact your State Administrator for assistance.

Select 'Redeem Voucher'.

The screenshot shows a mobile app dialog box with the following content:

- Title: "Please enter the details for your Govt Voucher Name" with a close button (X) in the top right corner.
- Field: "CN Child Name" with a grey circular icon containing "CN".
- Field: "Voucher Code" with a red underline and a red error message "Voucher Code is required".
- Text: "After submission, this Voucher Code will be permanently associated to Child Name."
- Button: "Redeem Voucher" at the bottom, which is highlighted with a red rectangular border.

Continue applying vouchers to membership purchases as necessary, then preview your cart.

- Where there is still a balance remaining, members will need to pay with a credit card.
- Where the voucher covers the entire purchase and there is a NIL balance, a member will still need to enter a credit card and accept the Terms and Conditions for the purchase. No charges will process against the card but the system will complete the transaction of assigning the membership and voucher redemption to the correct person.
