

UPDATE YOUR TECHNICAL
OFFICIAL ACCREDITATION

REACCREDITATION KIT FOR
NATIONAL OFFICIATING PROGRAM

Australian Government
Australian Sports Commission

Dear «FirstName»,

NATIONAL OFFICIATION PROGRAM – REACCREDITATION

As part of Swimming Australia Ltd's (SAL) and the state swimming associations ongoing commitment to providing a quality National Officiating Program (NOP), technical officials are required to undergo a reaccreditation process every four years. This is to ensure that Australia's reputation for having the best technical officials in the world is upheld.

With your accreditation due to expire soon, the following guide will provide you with the information you require to renew your technical official accreditation. We hope that this free renewal process is simple enough to follow to assist you in getting back on pool deck with all of the appropriate qualifications. Please allow 4-6 weeks for your application to be processed and your new accreditation card to be posted out.

Technical officials are an integral part of the sport of swimming. Without the hard work and dedication from the thousands of technical officials nationwide the sport would not function like it does. Swimming club members enjoy quality competition on a regular basis thanks to those who have earned accreditation under the National Officiating Program (NOP).

On behalf of the swimming community we thank you for your contribution to the sport and we look forward to you renewing your accreditation.

Sincerely,

Melissa Backhouse
General Manager, Community Sport & Stakeholder Relations
