Unmatched results usually occur for several reasons:

- Incorrect DOB in either meet manager or swim central
- Different spelling of a name between meet manager and swim central
- Duplicate profile in swim central
- No MMID match

It is up to the meet host to contact the club concerned and ascertain the correct information and rectify the meet file or have the parent update their swimmers' personal details Swim Central.

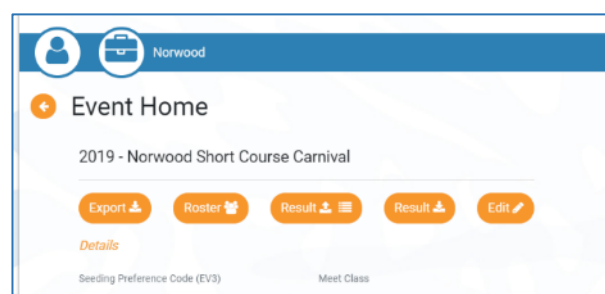

Once you have the meet file correct you can reupload the meet results by repeating the steps above.

Please contact Swimming NSW if you require assistance with this step.

Once your results are uploaded, please refer to the [meet approval process](#).

If you need to reupload your approved and verified meet results, please be aware they will need to be reapproved and verified – we appreciate it if you notify us that you have reuploaded your results and the reason why.

Once you have uploaded your results you will notice the orange buttons on the event home screen change, and you can view and download the results summary through the results button

If you have any concerns with your result upload, please don't hesitate to contact Swimming NSW- admin@nsw.swimming.org.au
