

## Policy for issuing additional uniform shirts to Technical Officials

### Rationale

Volunteer Technical Officials are currently issued with one (1) uniform polo shirt from Swimming NSW. They are required to wear these shirts at all SNSW meets, some of which run for 6 consecutive days. After several years of continuous use, some shirts currently being worn by Officials are approaching the end of their life.

### Policy Proposal

Every year, each Technical Official who has volunteered their time for a minimum of 25 sessions, will be offered one (1) additional Technical Official uniform shirt by SNSW. This will occur in April, at the end of the SNSW financial year.
