

Technical Officials Assessment Guidelines

Adopted or Amended	By Whom	Date
First Draft	SNSW TSC	17 May 2022
Adopted	SNSW Executive Committee	14 August 2024
Adopted	SNSW Executive Committee	11 September 2024
Amended	SNSW Management	18 Oct 2024

1. Background

These guidelines aim to ensure consistency and good practice across all levels of technical official assessments in NSW.

2. Resources

The SNSW TSC may use any or all of the following appropriately qualified resources to help in the development of Officials and ensure the appointment of appropriately skilled officials:

- SNSW TSC members
- Mentors
- Experienced Officials
- Assessors

for any of the following assessment functions:

- Reviewing the performance of current Level 2 and Level 3 Referees and Starters to ensure best practice and consistency and for continuing ad hoc training
- Reviewing the performance of Technical Officials in positions other than Referee or Starter to ensure best practice and consistency
- Mentoring
- Technical Official training and development
- Suitability to nominate for assessment at a State meet for either
 - Level 2 assessment; or
 - Level 3 suitability prior to the assessment by a Swimming Australia Assessor
- Referee Extension SWD (Swimmer with a Disability)

SECTION 1: QUALITY CONTROL ASSESSMENT

3. Assessment

An assessment shall be undertaken by a suitably qualified, SNSW TSC appointed Assessor, for the purposes of:

- The Assessment of candidates for Level 2 Referee and Starter in accordance with the National Officiating Accreditation Program (NOAP).
- The Pre-assessment of candidates for Level 3 Referee and Starter in accordance with the NOAP
- The Pre-assessment of candidates for Level 2 Referee and Starter at an Area or State meet

In the case of suitability assessments, the Assessor shall make recommendations to the TSC as to the readiness of the candidate to be formally assessed.

In the case of an assessment for Level 2 Referee or Starter, the Assessor shall give written advice to the TSC of the outcome of the Assessment for the consideration of future appointments and so that the database can be adjusted accordingly.

Also, at the request of the TSC, an Assessor shall be appointed to:

- **Review** the performance of current Level 2 and Level 3 Referees and Starters appointed by the TSC at SNSW State Championship Meets. These ad hoc training "assessments" are more along the lines of personal feedback to the respective official (strengths and opportunities for improvement) rather than a formal Assessment as required under the NOAP
- **Review** the performance of current Technical Officials performing roles other than Referee or Starter, appointed by the TSC at SNSW State Championship Meets. These ad hoc training "assessments" are more along the lines of personal feedback to the respective official (strengths and opportunities for improvement) rather than a formal Assessment as required under the NOAP
- **Review** the performance of current Level 2 Referees and Starters at Pathway Meets and make recommendations to the TSC
- Mentoring, coaching and training of officials at SNSW Meets

In accordance with <u>SNSW Pathway to Level 2 and Level 3 Guidelines</u> and for the purposes of this policy:

- 1. The following are considered SNSW State Championship Meets:
 - NSW Open LC
 - NSW State Age LC and SC
 - NSW Metropolitan LC and SC
 - NSW Country LC and SC
 - Sydney Open.
- 2. The following are considered Pathway Meets:
 - Country Regional Meets
 - Other SNSW Qualifying Meets
 - Other targeted SNSW Development Meets

The TSC will appoint an appropriately qualified Assessor to Meets as required. The TSC will aim to review/assess individual Level 2 and Level 3 Referees and Starters appointed to SNSW Meets every two years. This practice is consistent with other major sports who undertake continuing assessments of officials.

An individual official (Level 2/3 Referee or Starter) may make a request to the TSC for an "ad hoc" review/assessment.

Quality Control Pool Deck Assessment Forms for Referee and Starter can be found at **Appendix 1** and **Appendix 2** respectively. A Quality Control Assessment for Technical Officials other than Referee or Starter can be found at **Appendix 3**. Starter and referee Level 2 Assessment forms can be found in **Appendix 4** and **Appendix 5**.

ASSESSMENT REQUESTS & COMPLETED FORMS SHOULD BE EMAILED TO: nswofficials@nsw.swimming.org.au

STARTER LEVEL 2 ASSESSMENT

Competition Name:

Date:

Element / Performance Criteria				
STARTER L2 NATIONAL Pool deck Assessment		Competent	Not Yet Competent	Comments Must be completed if marked <u>Rarely / Never</u>
1 P	reparation			
1.1	Arrived at venue at least 60 minutes prior to the start of event and reported to the Referee.			
1.2	Ensured that all equipment required for starting was available, appropriate, tested, working and positioned correctly.			
1.3	Ensured that the starting device could be seen and heard by all lanes, swimmers, officials and spectators.			
1.4	Positioned Starting Stand where Starter could clearly see all lanes.			
1.5	Obtained a copy of the timeline from the Technical Manager.			
2 P	erformance of Task		l.	
2.1	Worked with the Referee to maintain a position where the Referee could be seen during each start.			
2.2	Watched the Referee at all times prior to the handover so they could react to all instructions and signals.			
2.3	In a timely manner moved swimmers down the lane rope in backstroke events when over the top starts are in place.			
2.4	Reacted immediately and appropriately to the Referee's signals and instructions.			
2.5	Issued the start instructions as soon as they were satisfied that all swimmers were stationary.			
2.6	Swimmers were not held unduly after they were ready to start.			
2.7	All instructions were issued clearly and in accordance with the rules.			
2.8	Starting instructions were issued with the appropriate volume and tone of voice.			
2.9	Check that the Timing Clock on the Scoreboard had been initiated after each start.			
2.10	Focused entirely and exclusively on the task assigned without engaging in any distracting activities.			

2.11	Displayed a composed temperament at all times.					
3 D	3 Decision Making					
3.1	All recommendations regarding possible breaches of the rules were made immediately to the Referee.					
3.2	All decisions made were consistent with every competitor being treated equally.					
3.3	All recommendations were made quickly, clearly, concisely and in accordance with the rules.					
3.4	At the Start where the Starter observes movement that the Referee does not observe, records same in their program.					
4 In	fraction Reports					
4.1	All infraction reports were completed accurately and pursuant to the rules.					
4.2	All written reports were completed expediently after the verbal report.					
5 Post Meet						
5.1	Was courteous to all swimmers, coaches, parents and other officials at all times.					
5.2	Maintains a level of concentration and capability to perform the task.

SUMMARY COMMENTS ON CANDIDATES OVERALL PERFORMANCE

CANDIDATES COMMENTS

SECTION 2: PROCEDURES FOR PRE-ASSESSMENT & ASSESSMENT OF TECHNICAL OFFICIALS

It is essential that Technical Officials in NSW have a clear view of the requirements for their appropriate movement along the Technical Official (TO) pathway that they have chosen. It is the responsibility of the Technical Swimming Committee (TSC) to provide assistance and guidance that is transparent and appropriate for the level being attained by each Technical Official on their journey.

1. Procedures

The procedures for Pre-Assessment and Assessment will be as follows:

TSC will maintain a list of officials awaiting assessment including:

- Date the Official was added to the list
- Confirmation/copies of:
 - i. Advanced Self-Management Assessment
 - ii. Application request
- Date of review by TSC members

Assessment priority will be given to Referees and Starters aiming to attain Level Three.

2. TSC Review

One, or more, TSC members will enter discussion with the Technical Official on the list for assessment, covering the following:

- Aspirations and goals for their pathway as Referee or Starter
- Their self-assessment documentation and application for assessment
- Their relationship with their Mentor or ask if they would like to have a mentor
- Offer any assistance that they may require from the TSC, moving forward.

TSC members then give written reports back to the next TSC Committee meeting on any reviews that they have held recently.

3. Arranging Assessments

The TSC agrees as to the Technical Officials who will be assessed at upcoming Championship and Pathway meets in advance to allow the appointments for that meet to include the details in the draft appointments for the meet.

SNSW will:

- Contact the assessor/s to confirm availability
- Advise the Technical Official/s of their upcoming assessment and that the Assessor will contact them prior to the meet with details and relevant information regarding the assessment.
- Pass on the Technical Officials' contact details to the Assessor to enable them to make contact prior to the meet.

SECTION 3: PROCEDURES FOR OPEN WATER REFEREE ASSESSMENTS

The below provides procedures for the assessment of candidates for Referee Open Water Swimming certification.

Assessment of Open Water Referees in NSW will be the responsibility of the SNSW Technical Swimming Committee (TSC).

The TSC will arrange for the assessment of Technical Officials who are qualified Referees seeking to gain certification as Open Water Referee through the following process:

- 1. Technical Officials seeking assessment as OW Referee will have acted in the position of OW Referee at two appointments at approved OW Meets in NSW (Club, Area or State Meets) under a mentor (being a qualified OW Referee).
- 2. Once Technical Officials have completed point 1 above, then they shall request, through the TSC, to be assessed at the next NSW State Open Water Championships.
- 3. The TSC shall:
 - a. record suitable requests for assessment
 - b. arrange for suitable appointments at the SNSW OW State Championships
 - c. appoint assessors, who are suitably qualified Open Water Swimming Referees with Assessor's certification to carry out the assessments of the candidates seeking certification as OW Referee.
